A chi non si arrende mai.

A chi affronta ogni giornata con **coraggio, serietà e passione**, consapevole che ogni piccolo gesto può fare la differenza.

A chi, **nonostante le avversità e le difficoltà**, continua a lavorare **con l'anima e il cuore**, dando il meglio di sé, giorno dopo giorno.

A voi va tutta la nostra ammirazione, **per noi siete i veri eroi!**

Questo catalogo è dedicato a voi.

Non dobbiamo mai dimenticare.

Chi ci ha preceduto, tracciando la strada con coraggio e sacrificio. Chi, con dedizione e fatica, ha costruito le basi del nostro presente, immaginando un domani migliore per tutti.

Chi ha lavorato senza risparmiarsi, senza chiedere nulla in cambio, con l'unico desiderio di lasciare un'eredità preziosa a chi sarebbe venuto dopo di loro.

Oggi il loro sogno è il nostro presente, nostra è la responsabilità per il futuro.

Abbiamo il dovere di portare avanti il loro esempio, di custodire ciò che ci hanno lasciato e di creare nuove opportunità per le generazioni che verranno.

A loro va il nostro grazie.

Il loro insegnamento illumina il cammino di chi verrà dopo di noi.

To those who never give up.

To those who face each day with **courage, integrity**, and **passion**, knowing that every small action can make a difference.

To those who, **despite adversity and challenges**, continue to work **with heart and soul**, giving their very best, day after day.

You have all our admiration, **because you are the true heroes!**

This catalog is dedicated to you.

We must never forget.

Those who preceded us, preparing the way with courage and sacrifice. Those who strove with determination and hard work to lay the foundations of our present, imagining a better tomorrow for all. Those who worked tirelessly, asking no reward, with the sole desire of leaving a precious legacy to those who came after them.

Today, their dream is our present, and responsibility for the future is in our hands.

We have the duty to follow their example, to conserve what they have left us and create new opportunities for the generations to come.

We have so much to thank them for.

Their teaching illuminates the path of those who will come after us.

Massima flessibilità di utilizzo

UNBEATABLE OPERATING FLEXIBILITY

1

DOPPIA TECNOLOGIA DI REFRIGERAZIONE

La combinazione tra refrigerazione a glicole tipica dei pozzetti e refrigerazione ventilata consente l'utilizzo del banco senza coperchi e di conseguenza il gelato è visibile.

DUAL REFRIGERATION TECHNOLOGY

The combination of typical pozzetto glycol refrigeration with ventilated refrigeration means the counter can be used without lids, with the ice-cream on view.

2

TRASFORMABILE FACILMENTE IN BANCO PASTICCERIA

Vista gelato può essere convertita in un banco pasticceria anche nell'arco della stessa giornata, utilizzando gli appositi vassoi espositivi in modalità notte.

EASILY CONVERTS TO PASTRY COUNTER

Gelato Vista can be converted into a pastry counter even on the same day, using the special display trays in evening mode.

NIENTE PIÙ TRASFERIMENTI DI GELATO

Grazie a due tecnologie di refrigerazione di giorno l'esposizione è senza coperchi, di notte le carapine si abbassano per la conservazione.

NO MORE MOVING ICE-CREAM AROUND

Thanks to the dual refrigeration technology, ice-cream is displayed in the daytime without lids; at night the pans are lowered for storage.

3

Massima flessibilità di utilizzo

UNBEATABLE OPERATING FLEXIBILITY

1 IL GELATO È VISIBILE ED È ESPOSTO A FILO PIANO
La Carapina è esposta a filo piano. la combinazione fra refrigerazione a glicole in vasca e una leggera ventilazione in superficie crea una temperatura ottimale per la vendita del gelato.

1 THE GELATO IS VISIBLE, DISPLAYED LEVEL WITH THE TOP
The carapina pan is displayed level with the top.
The combination of glycol refrigeration in the well and light ventilation on the surface creates the ideal temperature for sale of gelato.

2 NIENTE PIU' ARMADI DI CONSERVAZIONE
La carapina si abbassa e si chiude con apposito coperchio. Il glicole garantisce la perfetta conservazione del gelato con un consumo incredibilmente basso. Una ventilazione a temperatura positiva continua a circolare.

2 NO MORE STORAGE FREEZERS
The carapina pan is lowered and closed with its lid.
The glycol ensures perfect conservation of the gelato with incredibly low energy use.
Continuous, circular positive-temperature ventilation.

3 TRASFORMABILE IN VETRINA PASTICCERIA TN
Inserendo gli appositi vassoi sopra i coperchi delle carapine si espone la pasticceria.
La temperatura tn in superficie permette di esporre comodamente i prodotti mentre il gelato nelle carapine all'interno della vasca è perfettamente conservato.
La conversione da vendita gelato a pasticceria si effettua velocemente.

3 CONVERSION TO NEUTRAL PASTRY DISPLAY CASE
Pastries can be displayed by fitting the trays provided on top of the carapina pan lids.
The neutral surface temperature is just right for displaying these products, while the gelato in the carapina pans in the tub is conserved to perfection.

Conversion from sale of ice-cream to pastries can be done quickly.

4 CONSERVAZIONE, SERVIZIO GELATO E PASTICCERIA. TUTTO CONTEMPORANEAMENTE
L' unica vetrina al mondo che permette di servire gelato e prodotti a temperatura positiva contemporaneamente.

4 STORAGE AND SERVING OF GELATO AND PASTRIES. BOTH AT THE SAME TIME.
The world's only display case that can serve gelato and positive-temperature products at the same time.

LA VASCA CON GLICOLE, GRAZIE ALLA SUA CAPACITÀ DI
ACCUMULARE E RILASCIARE FREDDO IN MODO GRADUALE,
ASSICURA UNA TEMPERATURA STABILE RIDUCENDO LO SHOCK
TERMICO DEI CICLI DI SBRINAMENTO, LIMITANDO LE VARIAZIONI
DI TEMPERATURA ALL'INTERNO DELLA VETRINA.
DI NOTTE, ABBASSANDO LE CARAPINE, SI TRASFORMA
IN UN SISTEMA DI CONSERVAZIONE IDEALE.

SINCE IT ACCUMULATES AND RELEASES COLD GRADUALLY,
THE **GLYCOL TUB ENSURES A STABLE TEMPERATURE**,
REDUCING THE THERMAL SHOCK OF DEFROSTING CYCLES
AND RESTRICTING TEMPERATURE FLUCTUATIONS INSIDE THE

AT NIGHT, WHEN THE CARAPINA PANS ARE LOWERED,
IT BECOMES AN IDEAL STORAGE SYSTEM.

EASY CLEANING

I banchi pozzetto a glicole BRX sono dotati di uno sportello ribaltabile, per facilitare le operazioni di pulizia del condensatore. Grazie a questa soluzione, l'accesso risulta rapido e agevole, permettendo all'operatore di pulirlo più facilmente e velocemente, mantenendo costanti le prestazioni e allungando la vita dell'unità condensatrice.

BRX glycol pozzetti counters have a hinged cover, to facilitate cleaning of the condenser. This gives quick, convenient access, so the operator can get into every corner faster and more easily, with unaltered performance and a longer condenser unit lifetime.

Per chi vuol trattenersi di più, **Joint** in bella mostra nell'angolo relax di un locale pubblico. Con la sua tipologia accomodante e universale.

For people who want to linger for longer, **Joint** creates an attractive lounge area in a bar or coffee shop. Adaptable and universal.

BLOCK

Come piacevole opportunità all'interno dei locali contemporanei, si può sostare, per rilassarsi o conversare. **Block** è disponibile ad accogliere voi e oggetti "fuori servizio" come libri, riviste e quant'altro attenga al relax.

Contemporary bars and coffee-shops offer customers the chance to linger for relaxation or chat. **Block** can accommodate you and "leisure" items such as books, magazines and anything else that helps you to unwind.

BLOCK

Assolve bene al compito per cui è stato pensato. **Block** arreda le pareti in accostamenti liberi per composizioni efficaci. **Contiene e valorizza** il contenuto. In metallo verniciato ad angoli smussati, può essere arricchito con piani in cristallo di indovinato contrasto.

Perfect for the purpose. **Block** can be assembled exactly to requirements, for effective compositions. **For storage and showcasing.** In coated metal with rounded corners, it can be expanded with glass shelves for attractive contrasts.
