Roberto Rovere, founder and CEO and **Paolo Cecchini**, Product Manager

Ci presentiamo. Siamo **ROVERE Design and Food Technology**.

Ci occupiamo di sistemi di esposizione e vendita, pensati per l’arredamento professionale di settori merceologici legati al Food: panetteria, gastronomia, food & more, frutta e verdura, enoteca. Ognuno dei nostri prodotti si distingue per il design, l’alta qualità dei materiali utilizzati e per la propensione all’innovazione, soddisfacendo le diverse esigenze espositive e di conservazione dei cibi. ROVERE Design & Food Technology beneficia dell’esperienza quindicinale di BRX nella produzione di pozzetti gelato, banchi bar e drop-in. L’esperienza è quella conquistata sul campo dal consolidato team guidato da Roberto Rovere, con la direzione di Paolo Cecchini. L’ampia gamma si compone di vetrine refrigerate e calde, murali e vetrine pensili, banchi e retrobanchi, scaffallature. La gamma comprende tre diversi tipi di vetrine – Large di maggior dimensione, Midi più contenuta in profondità e Small, adatta a spazi più piccoli – e sei linee di scaffali. ROVERE Design & Food Technology non è solo tecnologia e funzionalità, è anche design: vetrine e banchi possono essere rivestiti con materiali ricercati e di qualità, **creando ambienti unici e di tendenza**.

Roberto Rovere

Ci presentiamo. Siamo **ROVERE Design and Food Technology**.

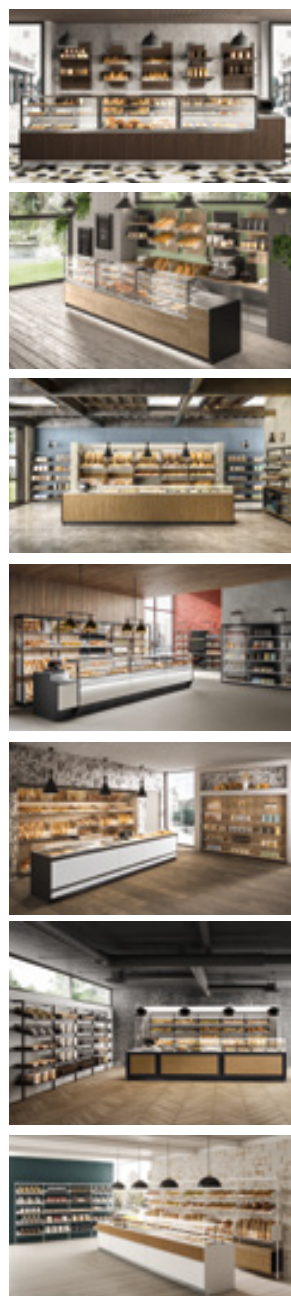

We take care of display and sales systems, designed for the professional furnishing of product sectors related to Food: bakery, gastronomy, food & more, fruit and vegetables, wine shop. Each of our products stands out for its design, the high quality of the materials used and the propensity for innovation, satisfying the different display and storage needs of food. Rovere Design & Food Technology benefits from BRX’s fortnightly experience in the production of ice cream pozzetti, bar counters and drop-in counters. The experience is gained in the field by the consolidated team led by Roberto Rovere, under the direction of Paolo Cecchini. The wide range consists of refrigerated and hot display cases, wall and hanging display units, counters and back counters, shelving systems. The range comprises three different types of showcases – Large of greater size, Midi more contained in depth and Small, suitable for small spaces – and six lines of shelving systems. Rovere Design & Food Technology is not only technology and functionality, it is also design: display cases and counters can be clad with refined and quality materials, **creating unique and trendy environments**.

PANETTERIA

Bakery

Banchi, retrobanchi, scaffalature: **un sistema completo d'arredamento concepito per le panetterie.**

Flessibilità garantita grazie a tre linee di vetrine con tre diverse profondità: **Large, Midi e Small.** Alle vetrine si aggiungono i banchi drop-in e banchi neutri multifunzione specifici e dedicati al mondo della panetteria e pasticceria.

Cuore dei retrobanchi e scaffalature, sono i cesti pane di varie misure. I fianchi sono in legno, i fondi in acciaio inox con vassoio raccogli briciole. Il frontale è in cristallo che consente di vedere quanto prodotto sia ancora disponibile.

I banchi si combinano con retrobanchi e una vasta gamma di scaffalature attrezzate, dove **funzionalità e design si incontrano.**

Counters, back counters, **shelving systems: a complete furnishing system designed and conceived for bakeries.**

Flexibility is guaranteed thanks to three lines of display cases available in three different depths: **Large, Midi and Small.**

In addition to the display cases, there are drop-in counters and neutral multi-function counters dedicated to the world of bakery and pastry.

The heart of the back counters and shelves, are the bread baskets available in several sizes. The side panels are in wood, the bottoms in stainless steel with crumb collector trays.

The front is in glass which allows to see how much product is still available.

The counters are combined with back counters and a wide range of equipped shelving systems, where **functionality and design merge.**

FRUTTA E VERDURA

Fruit & Vegetables

Frutta e verdura, se inseriti in un **ambiente che ne esalta la qualità e la freschezza** acquistano maggior valore agli occhi del cliente. Noi lavoriamo perché il negozio di frutta e verdura diventi una **boutique**.

Lo scaffale è dotato di un **piano in acciaio inox con possibilità di raccogliere l'acqua**, che si adatta alle nuove cassette frutta misura 60x40 cm.

Alle gondole espositive e ai banchi neutri si affiancano quelli **drop-in** per il mantenimento delle verdure cotte e la **conservazione dei piatti pronti**.

Fruit and vegetables, if placed in an **environment which enhances their qualities and freshness**, acquire greater value in the eyes of the customer. We work to make the Fruit and Vegetables shop a **boutique**.

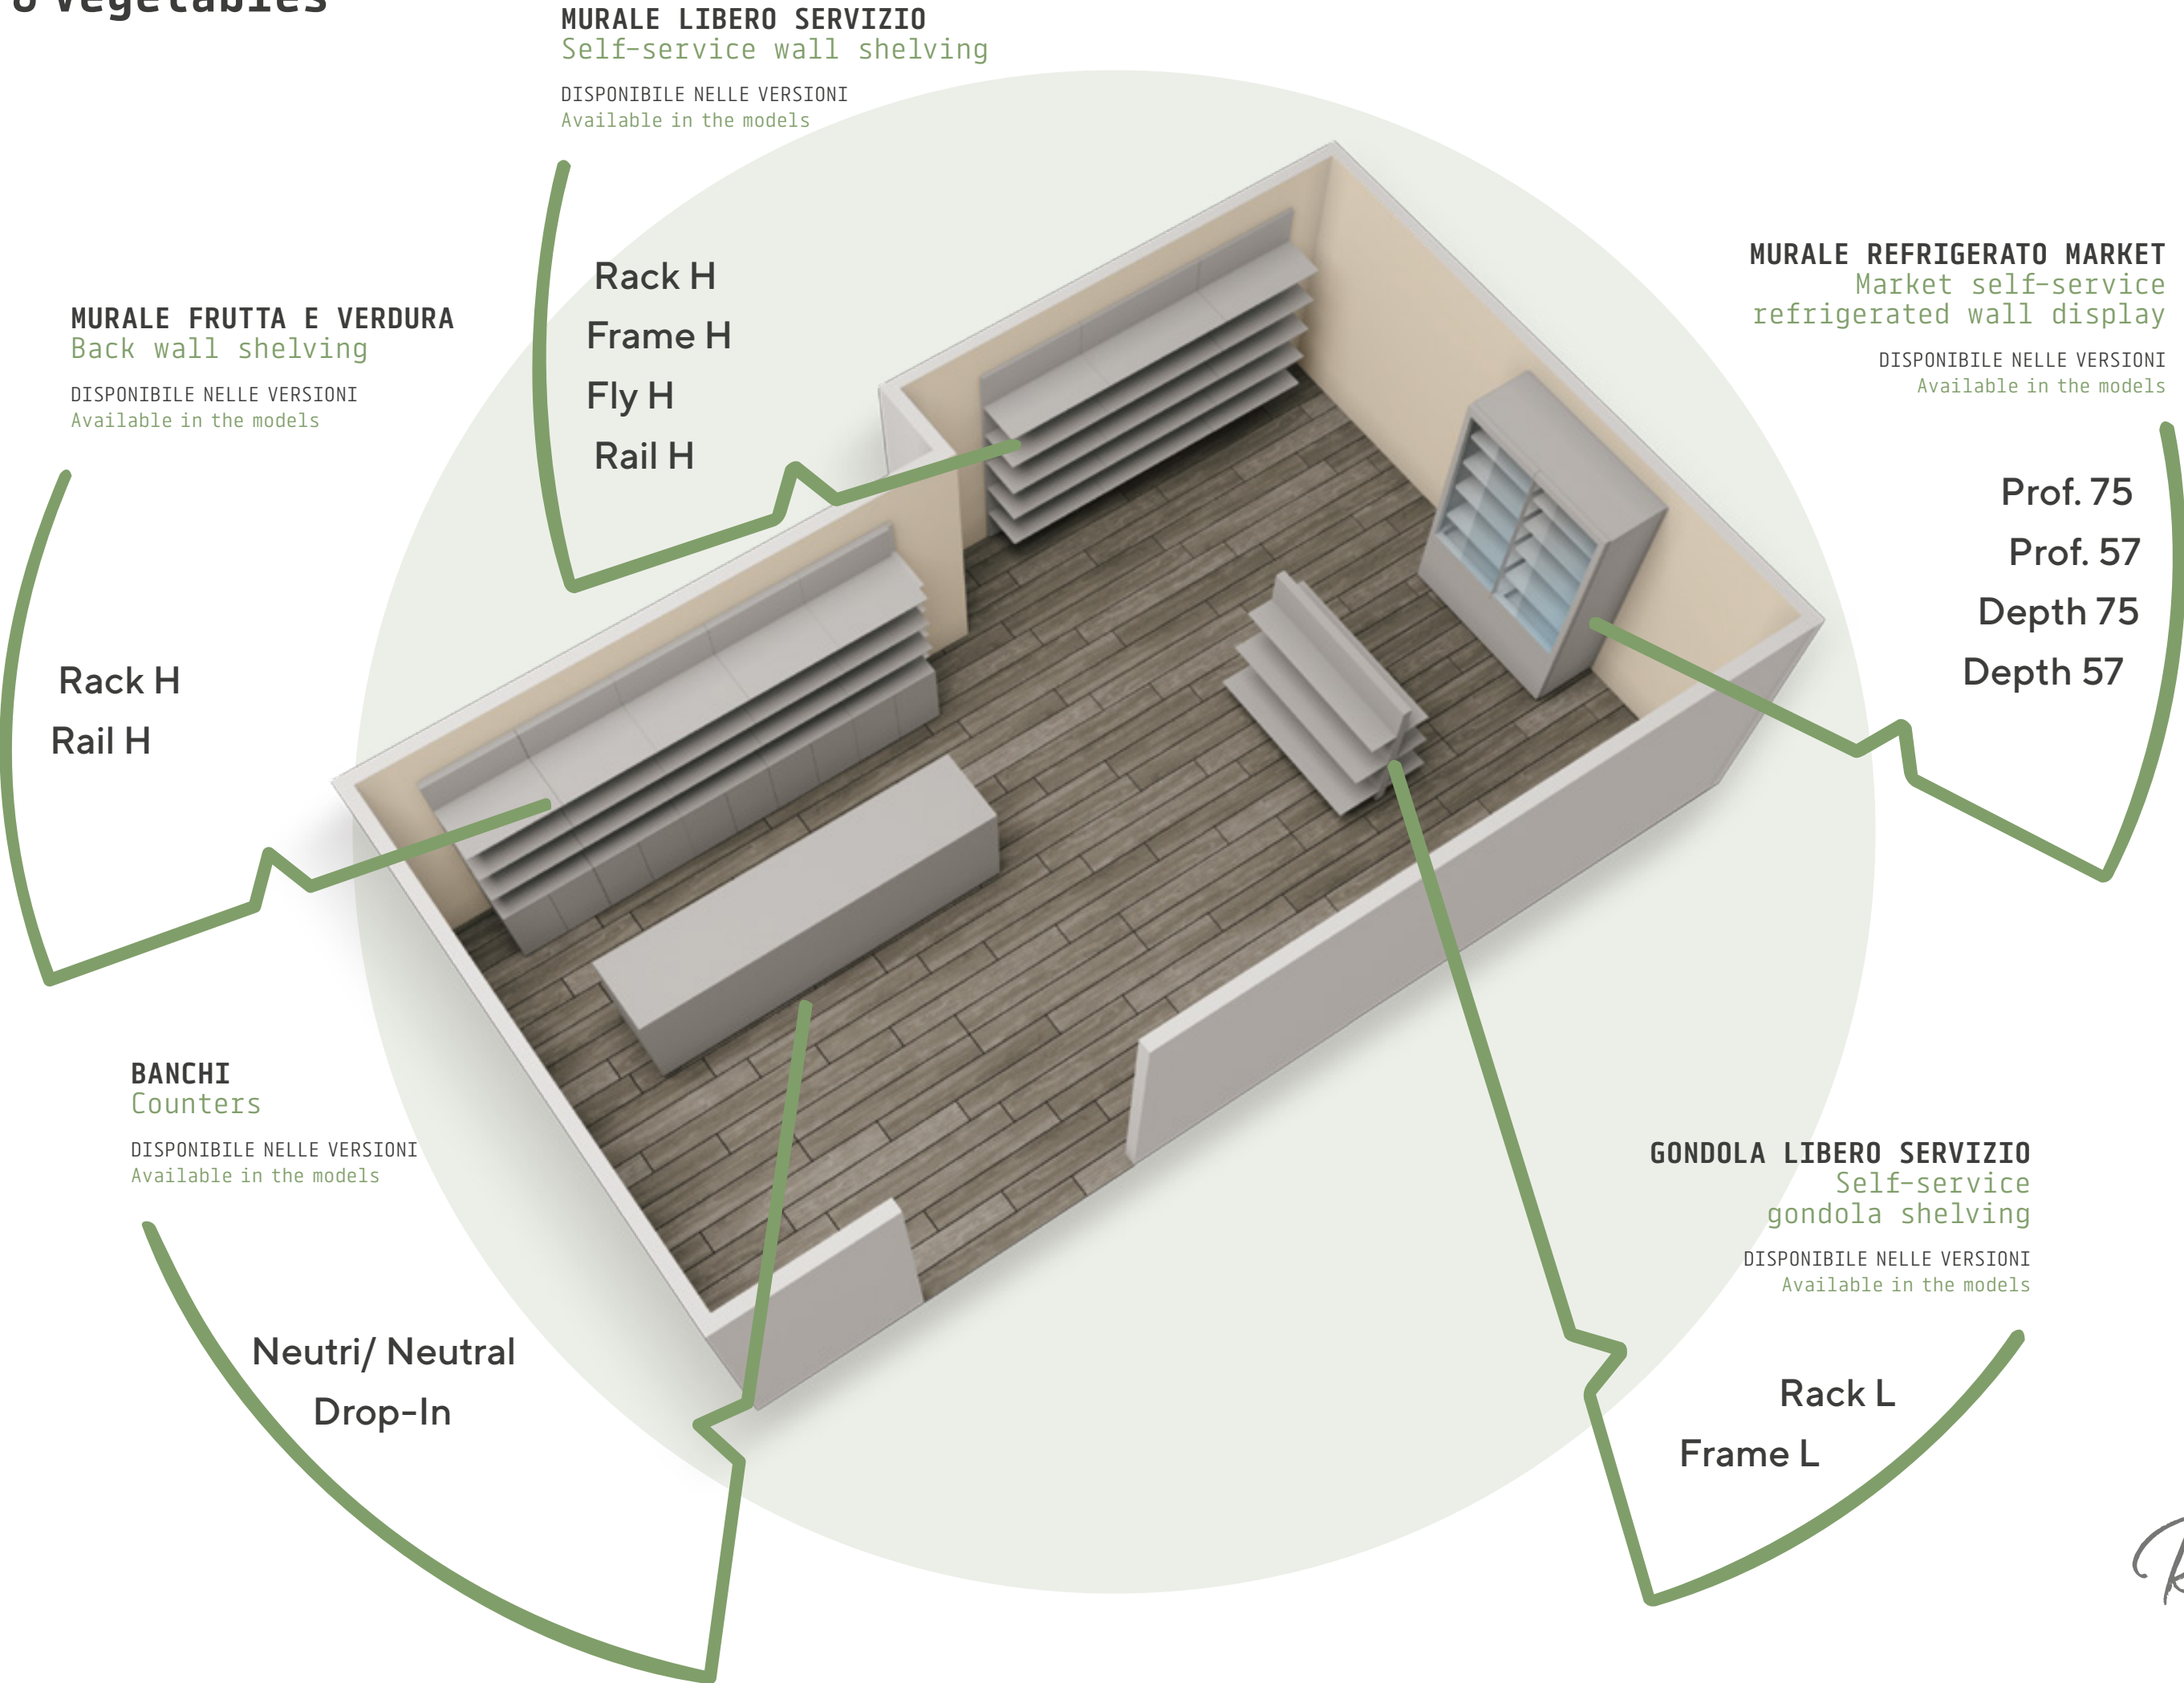

The shelf is equipped with a **stainless steel top** with the possibility of collecting water, which adapts to the new fruit crates measuring 60x40 cm.

The display gondolas and neutral counters flank the **drop-in** counters for the maintenance of cooked vegetables and the **preservation of ready meals**.

Tra i diversi settori food, quello della vinoteca è sicuramente uno di quelli **più dinamici e di tendenza negli ultimi anni**, dove l'eno-teca è quasi sempre più un wine bar dove è possibile fare anche aperitivi.

ROVERE Design & Food Technology progetta e realizza **sistemi espositivi come scaffali murali e gondole centrali per dare valore al prodotto esposto.**

Gli accessori **Mix** quali **specchi e lavagne** contribuiscono a rendere questi locali esperienze uniche.

Among the various food sectors, the wine shop is certainly one of **the most dynamic and trendy in recent years**. The wine shop is becoming more a wine bar where it is also possible to have aperitifs.

Rovere Design & Food Technology designs and manufactures **display systems such as wall shelves and central gondolas to give value to the displayed product.**

The accessories of the **Mix range** such as **mirrors and blackboards** contribute to making these places unique experiences.
